

# **YADU** PUBLIC SCHOOL

A Co-Educational Senior Secondary School

## Chairman's Message

As the new Head of this wonderful centre of Academia, let me, at the outset, extend my warmest good wishes to all our parents and students and hope that we embark on this fortuitous journey with good will and zeal!

If there's one thing that keeps me sentient amidst 'the slings and arrows of outrageous fortune', it is, perhaps, a strong belief in the power of self-will and discipline. Not enough can be spoken or written about the need-nay-the commitment to adhere to this principle in every sphere of life. It is through living a life of discipline do all the other superior practices flow so easily—of punctuality and temperance, of cleanliness and diligence....believe me, these are what go into shaping one's character.

Abraham Lincoln rightly said: 'Character is like a tree and reputation is like its shadow. The shadow is what we see; the tree is the real thing.' Man is a bundle of habits and it is these habits that define us.

I pray that my students let go of the bad ones, pick up good ones and reinforce the best ones in themselves, so that life not only becomes an enjoyable journey for them, but also an easy one. After all, half our discontentment arises from living indisciplined lives that prevent us from realizing that the true potential of excelling in myriad ways lies nowhere else but within us.

On that note, let me wish everyone a happy new year. God bless us all!

## Principal's Message

The schools are like a potter's wheel, molding and shaping the generation next, and transforming the lives of youth of today

Education, we believe, is a dynamic and life long process of learning. A school plays a vital role in shaping individuals. Philosophy of education has always been meeting the needs of the individual child. We believe in the motto of "No child left behind" and provide equal opportunity to all its students.

The endeavour of the school has always been to provide a warm, friendly, supportive, experiential and fun filled learning environment so that young talents find enjoyment and success in learning. Our aim is to help the child develop as complete human beings with strong moral, social, emotional, intellectual and social values. The objective is to inculcate the positive spirit, belief, grit, determination and single minded passion towards achieving their goals and enable them to launch themselves in this dynamic and competitive world, armed with strength, self-confidence and self-reliance. Our aims are high, goals are endless and vision is ever expanding.....

Dream deep, for every dream precedes the goal.
